WHO WE ARE

CREATIVE HORIZONS EVENTS

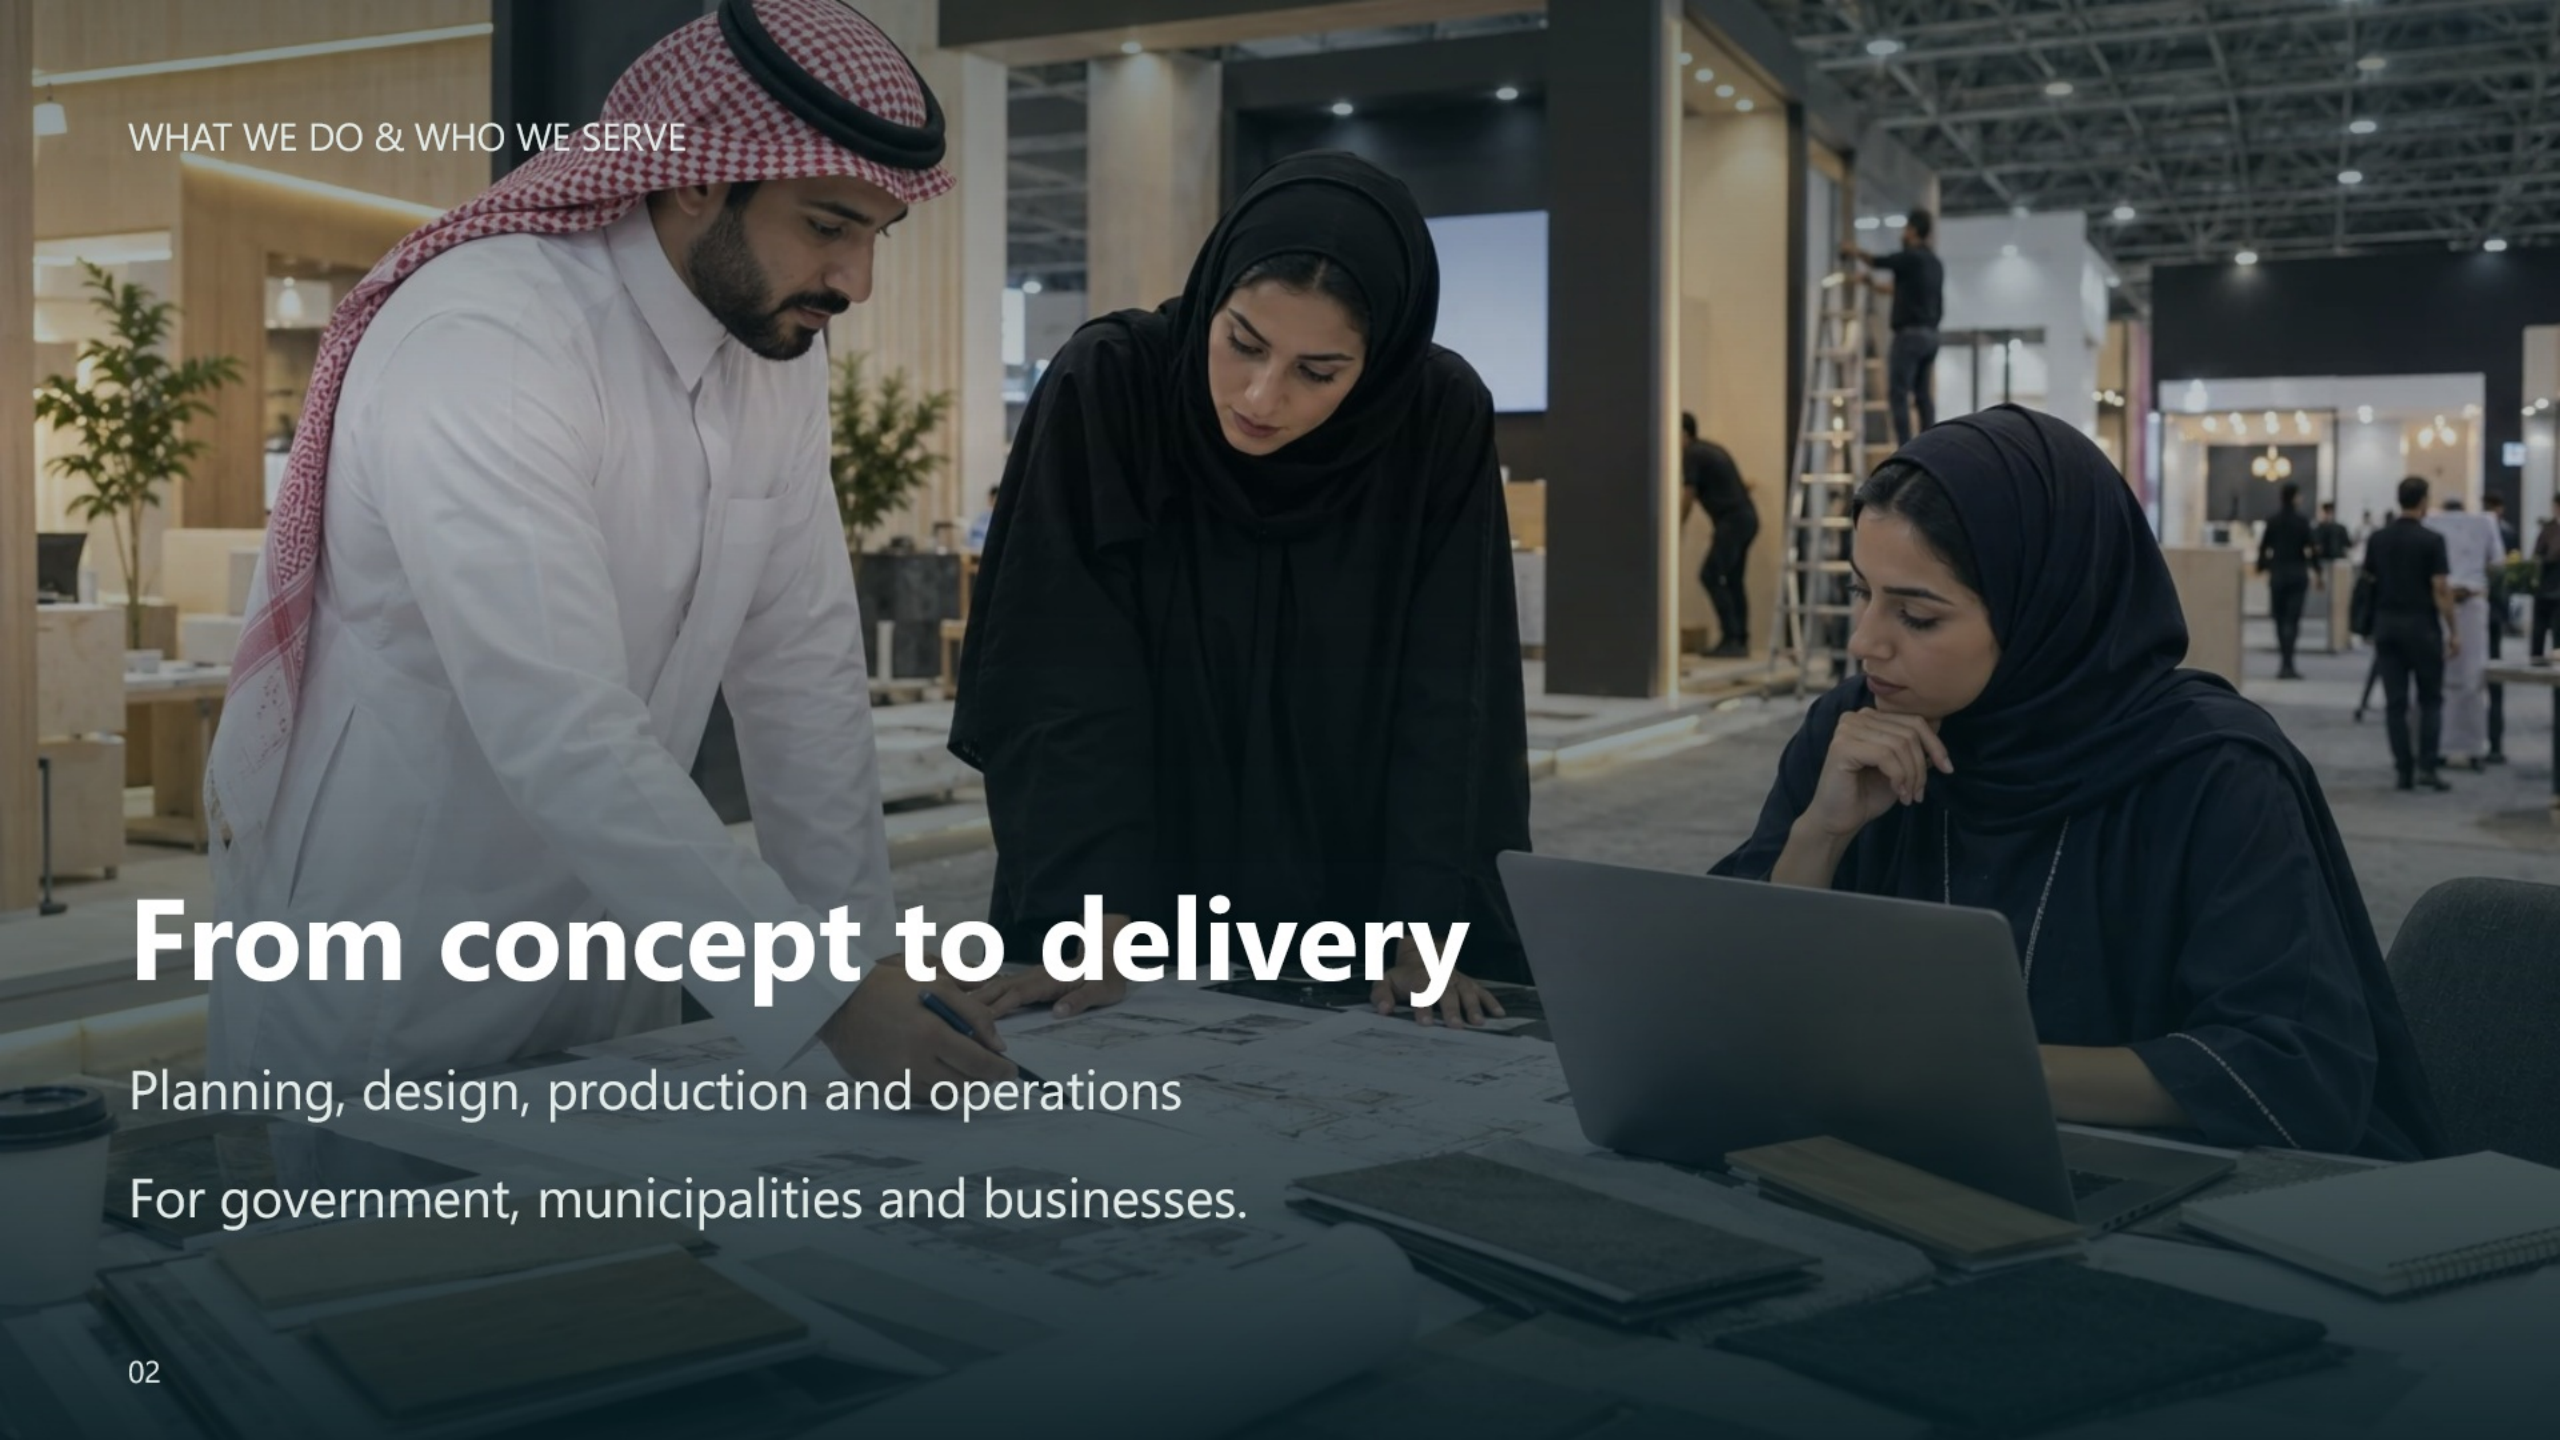

أبعاد الإبداع لتنظيم المعارض والمؤتمرات

Creative Horizons

We plan, design and produce events across Saudi Arabia.

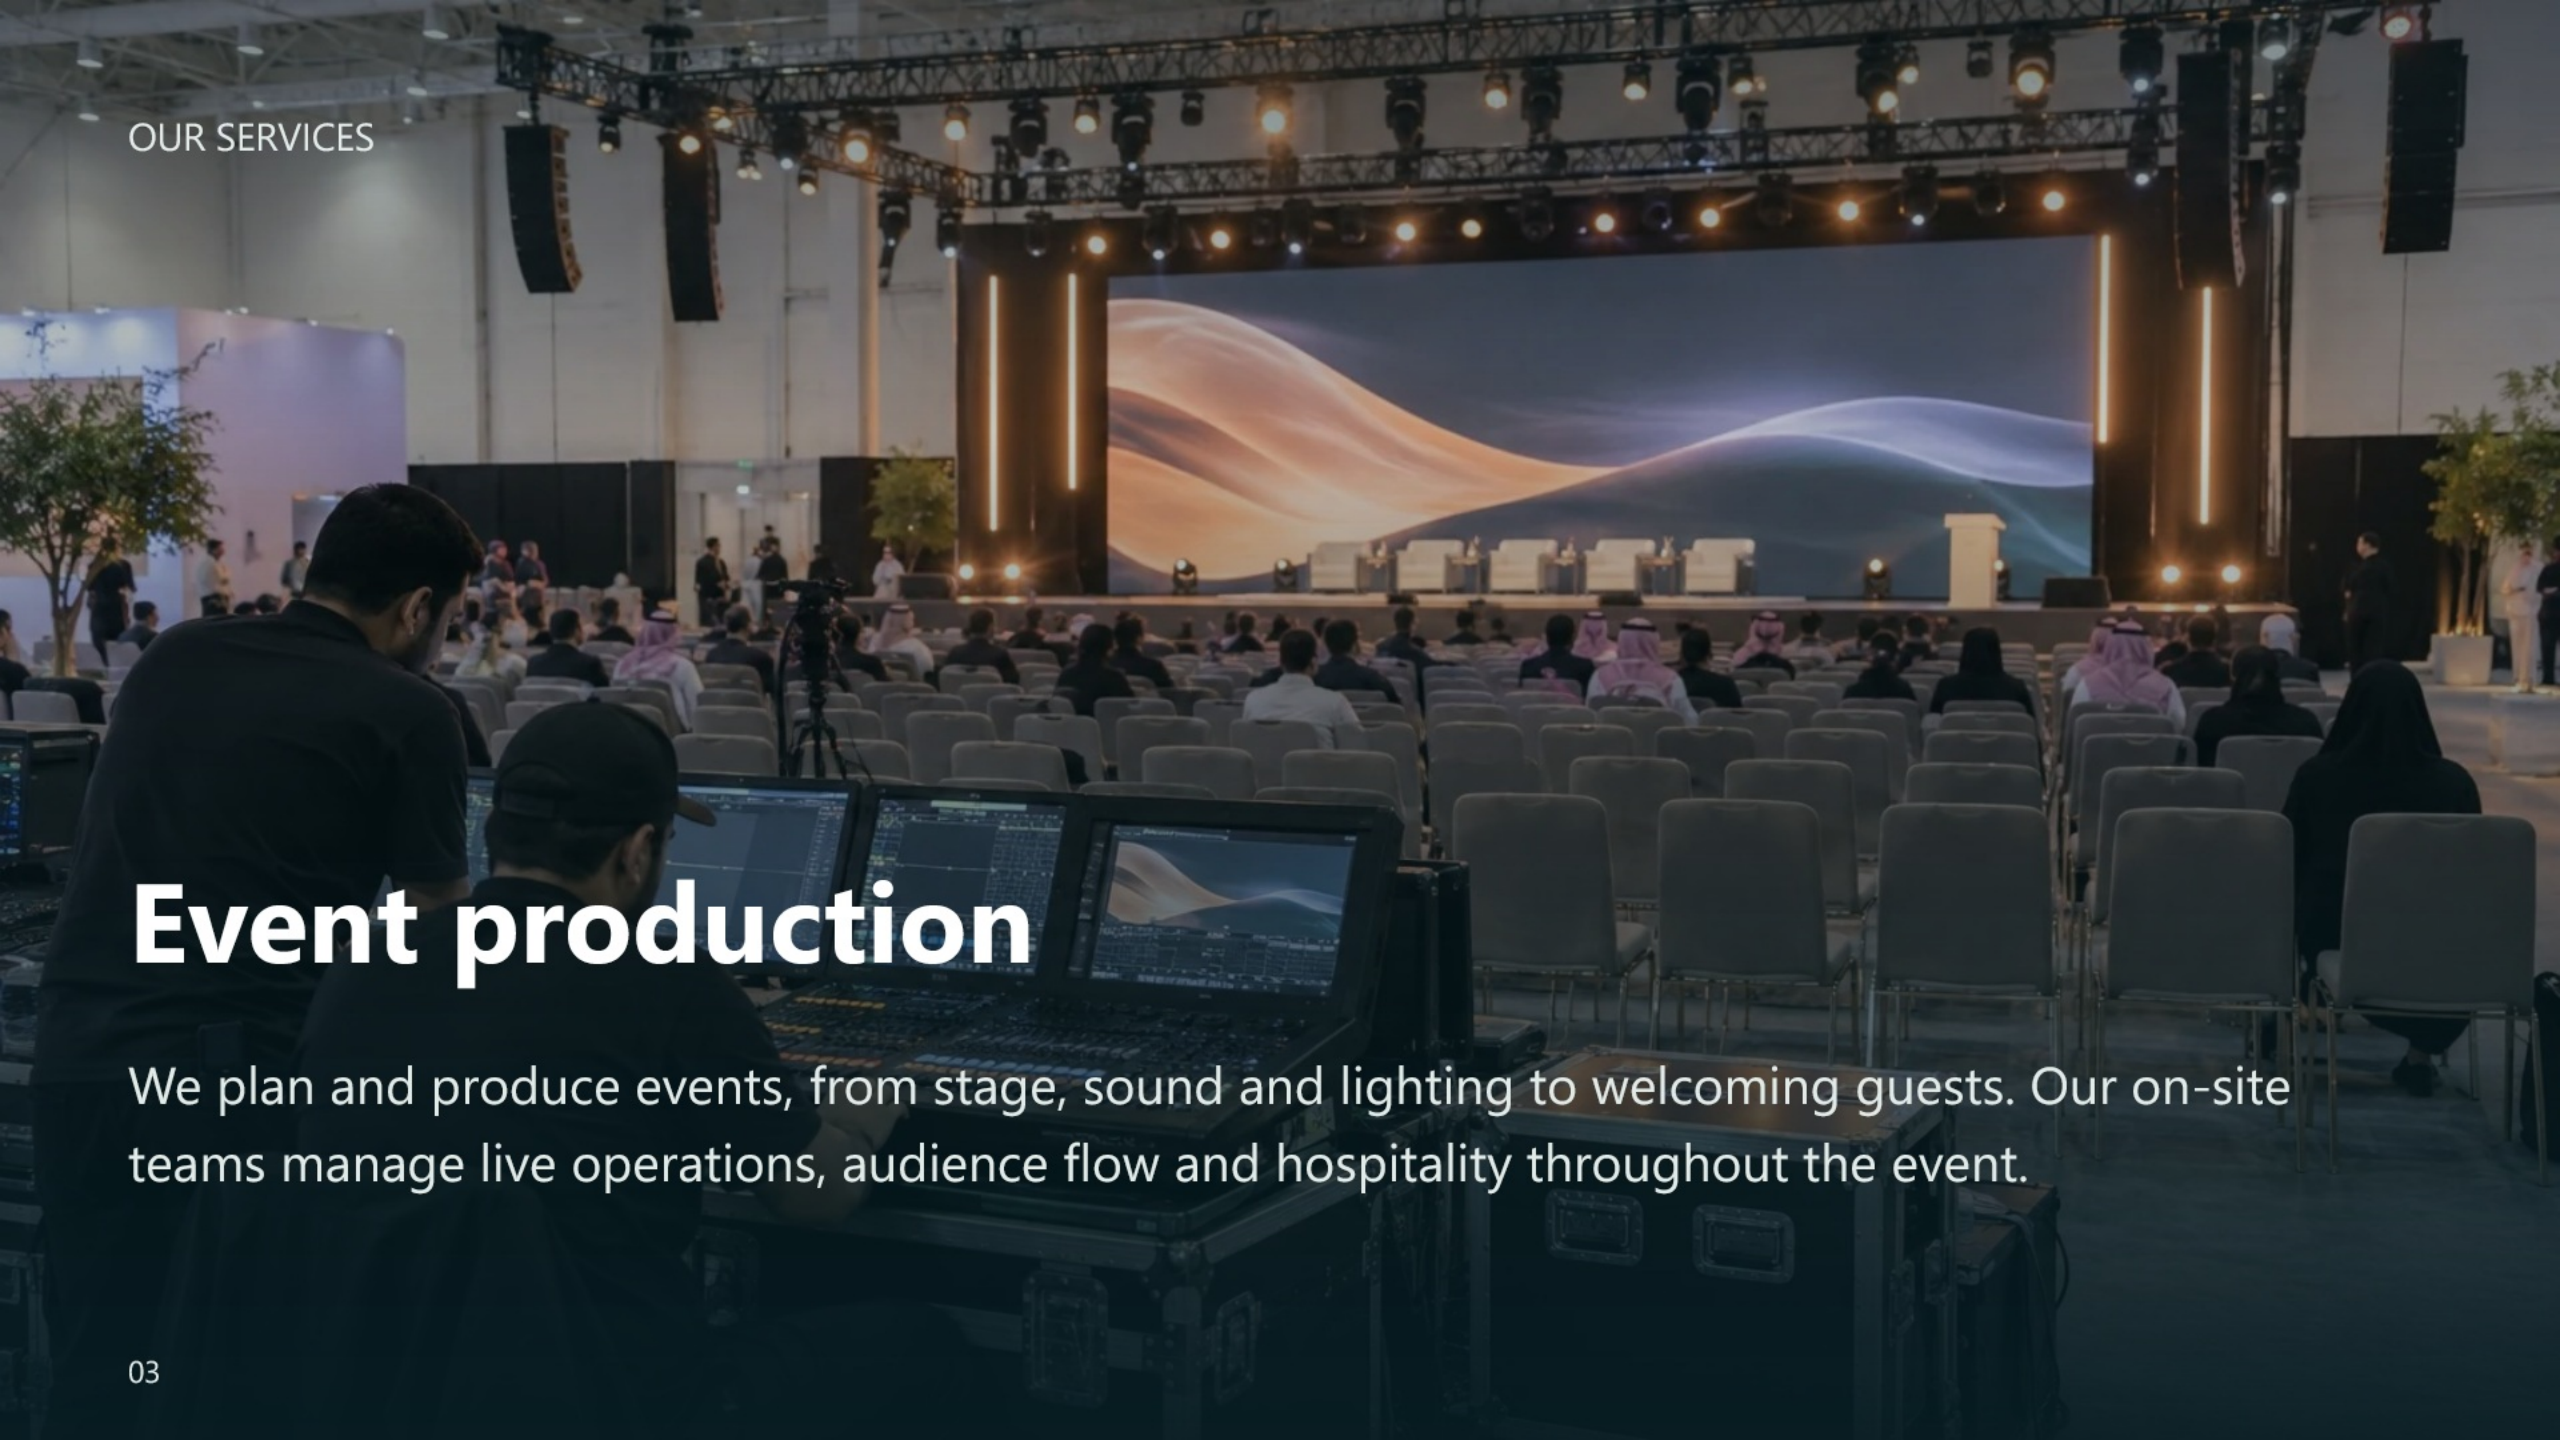

PORTFOLIO

From concept to delivery

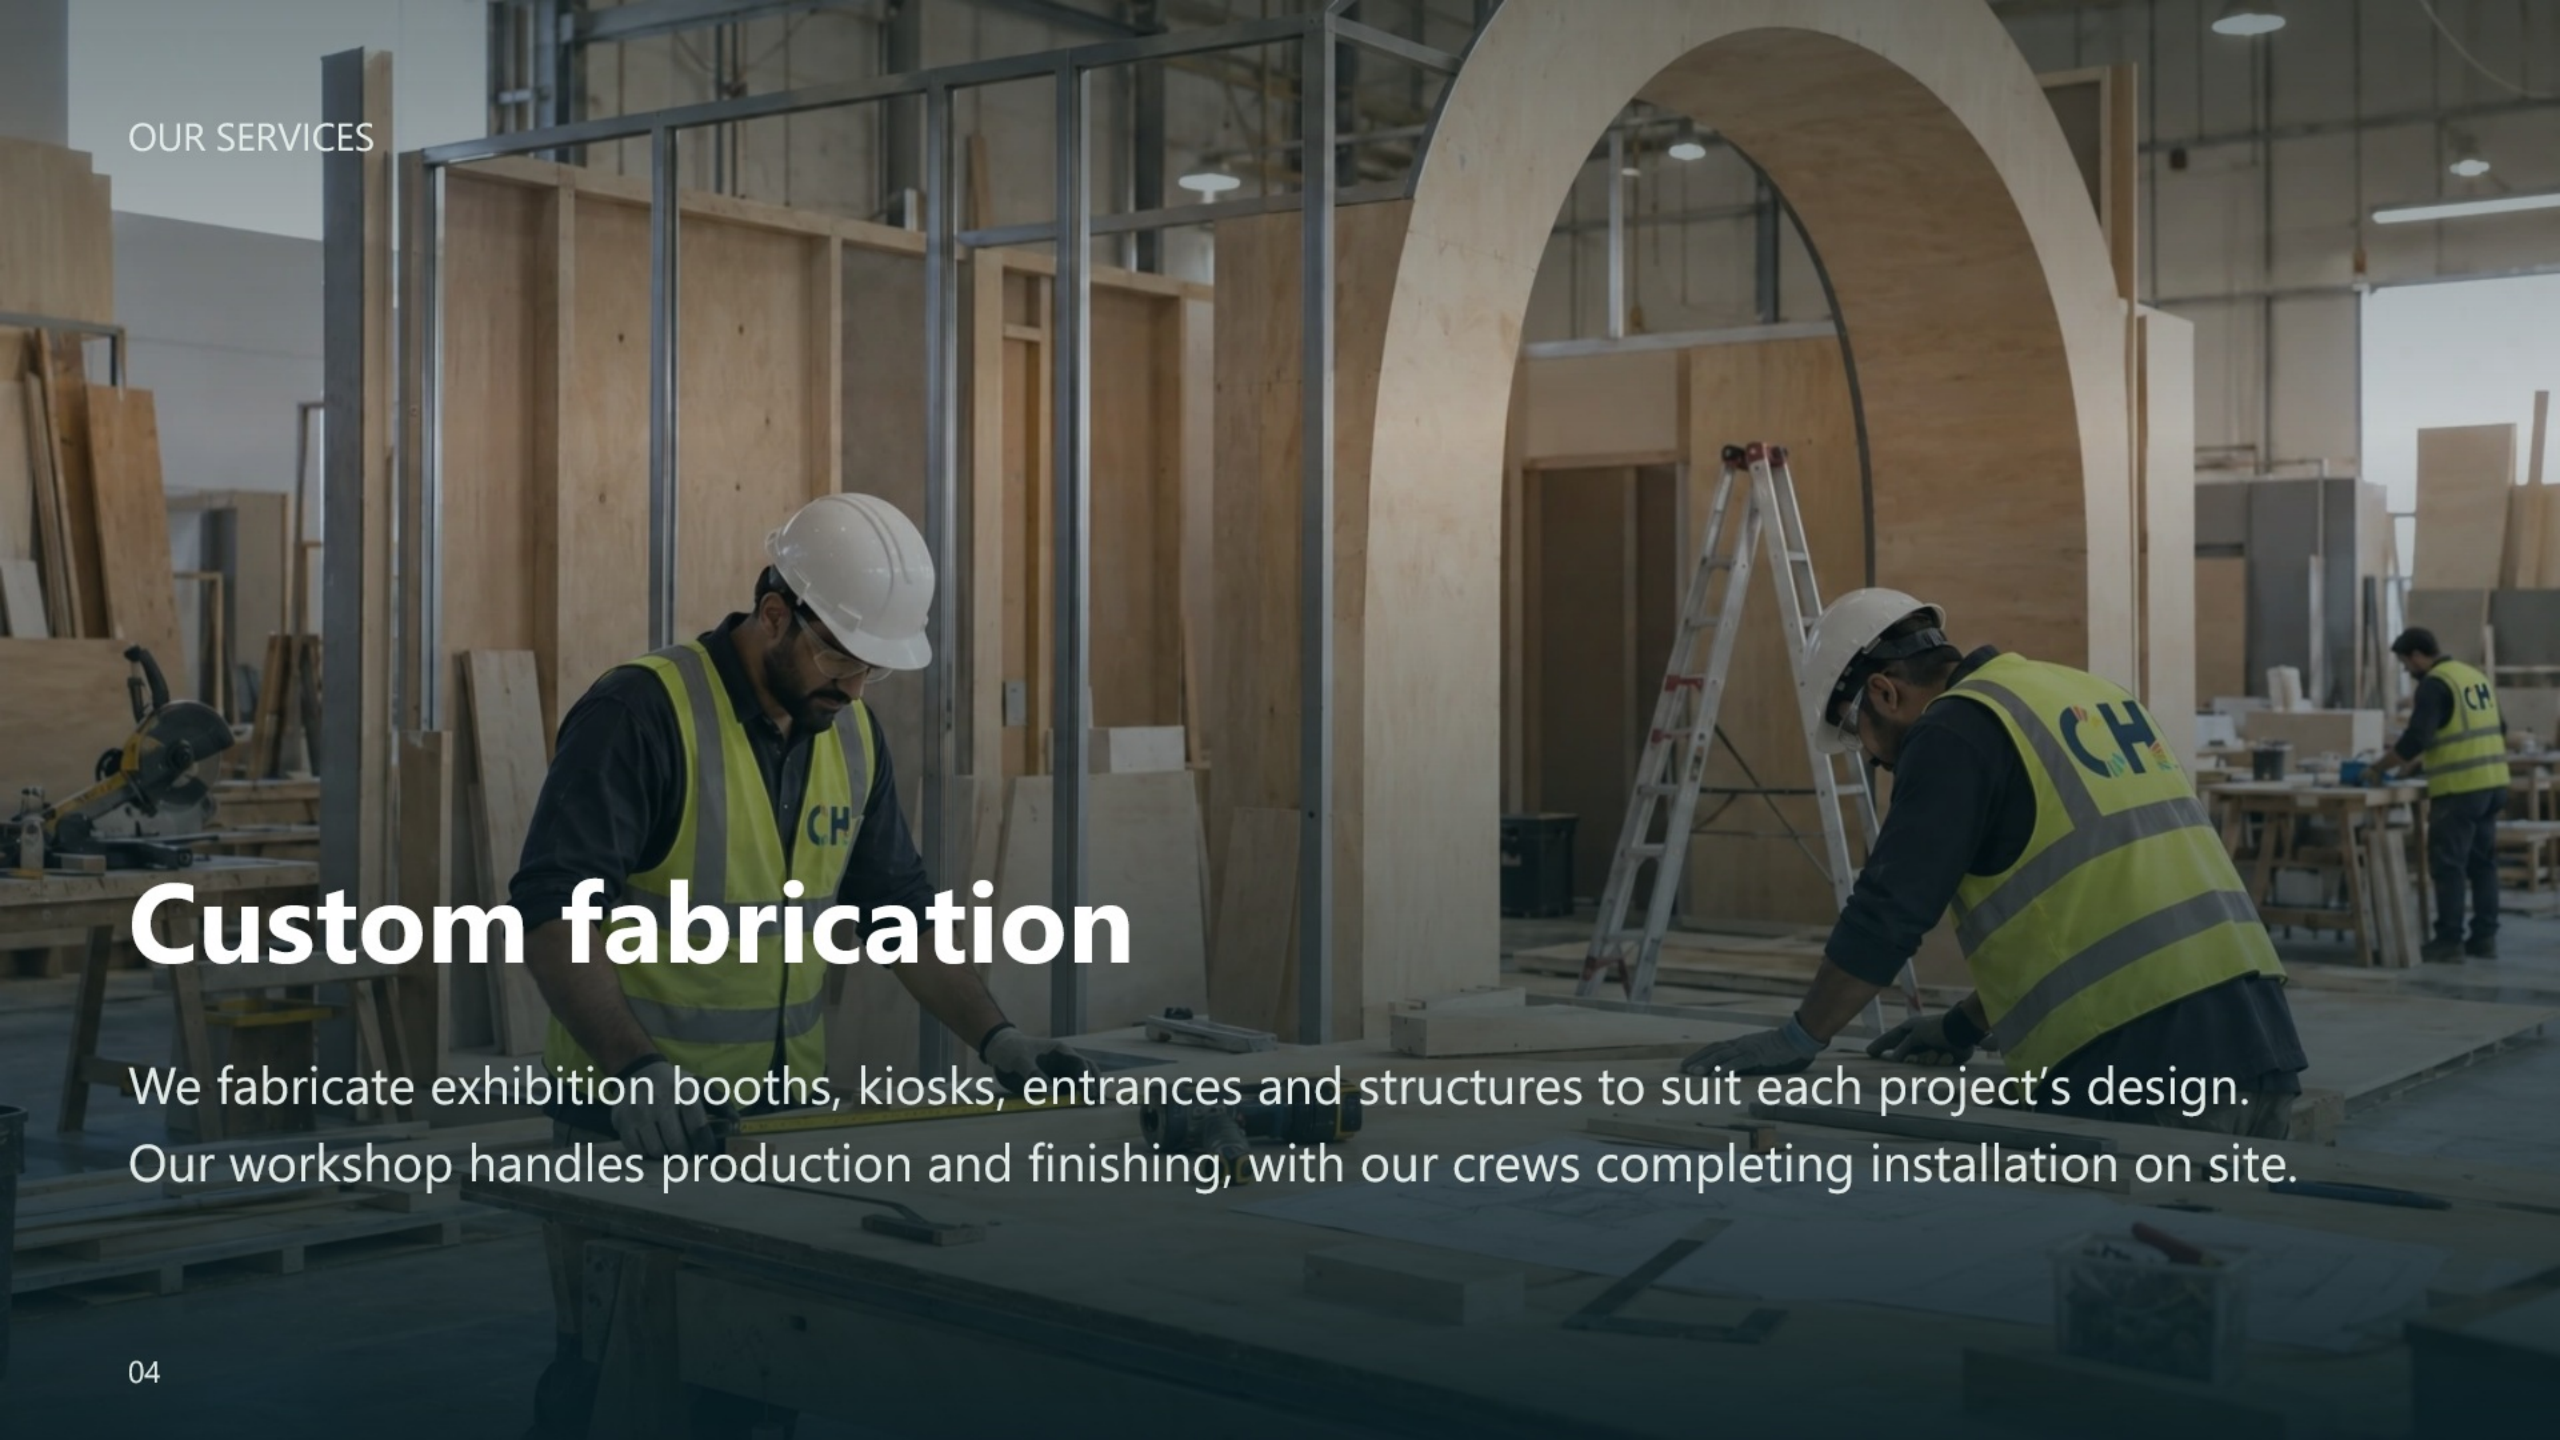

Planning, design, production and operations

For government, municipalities and businesses.

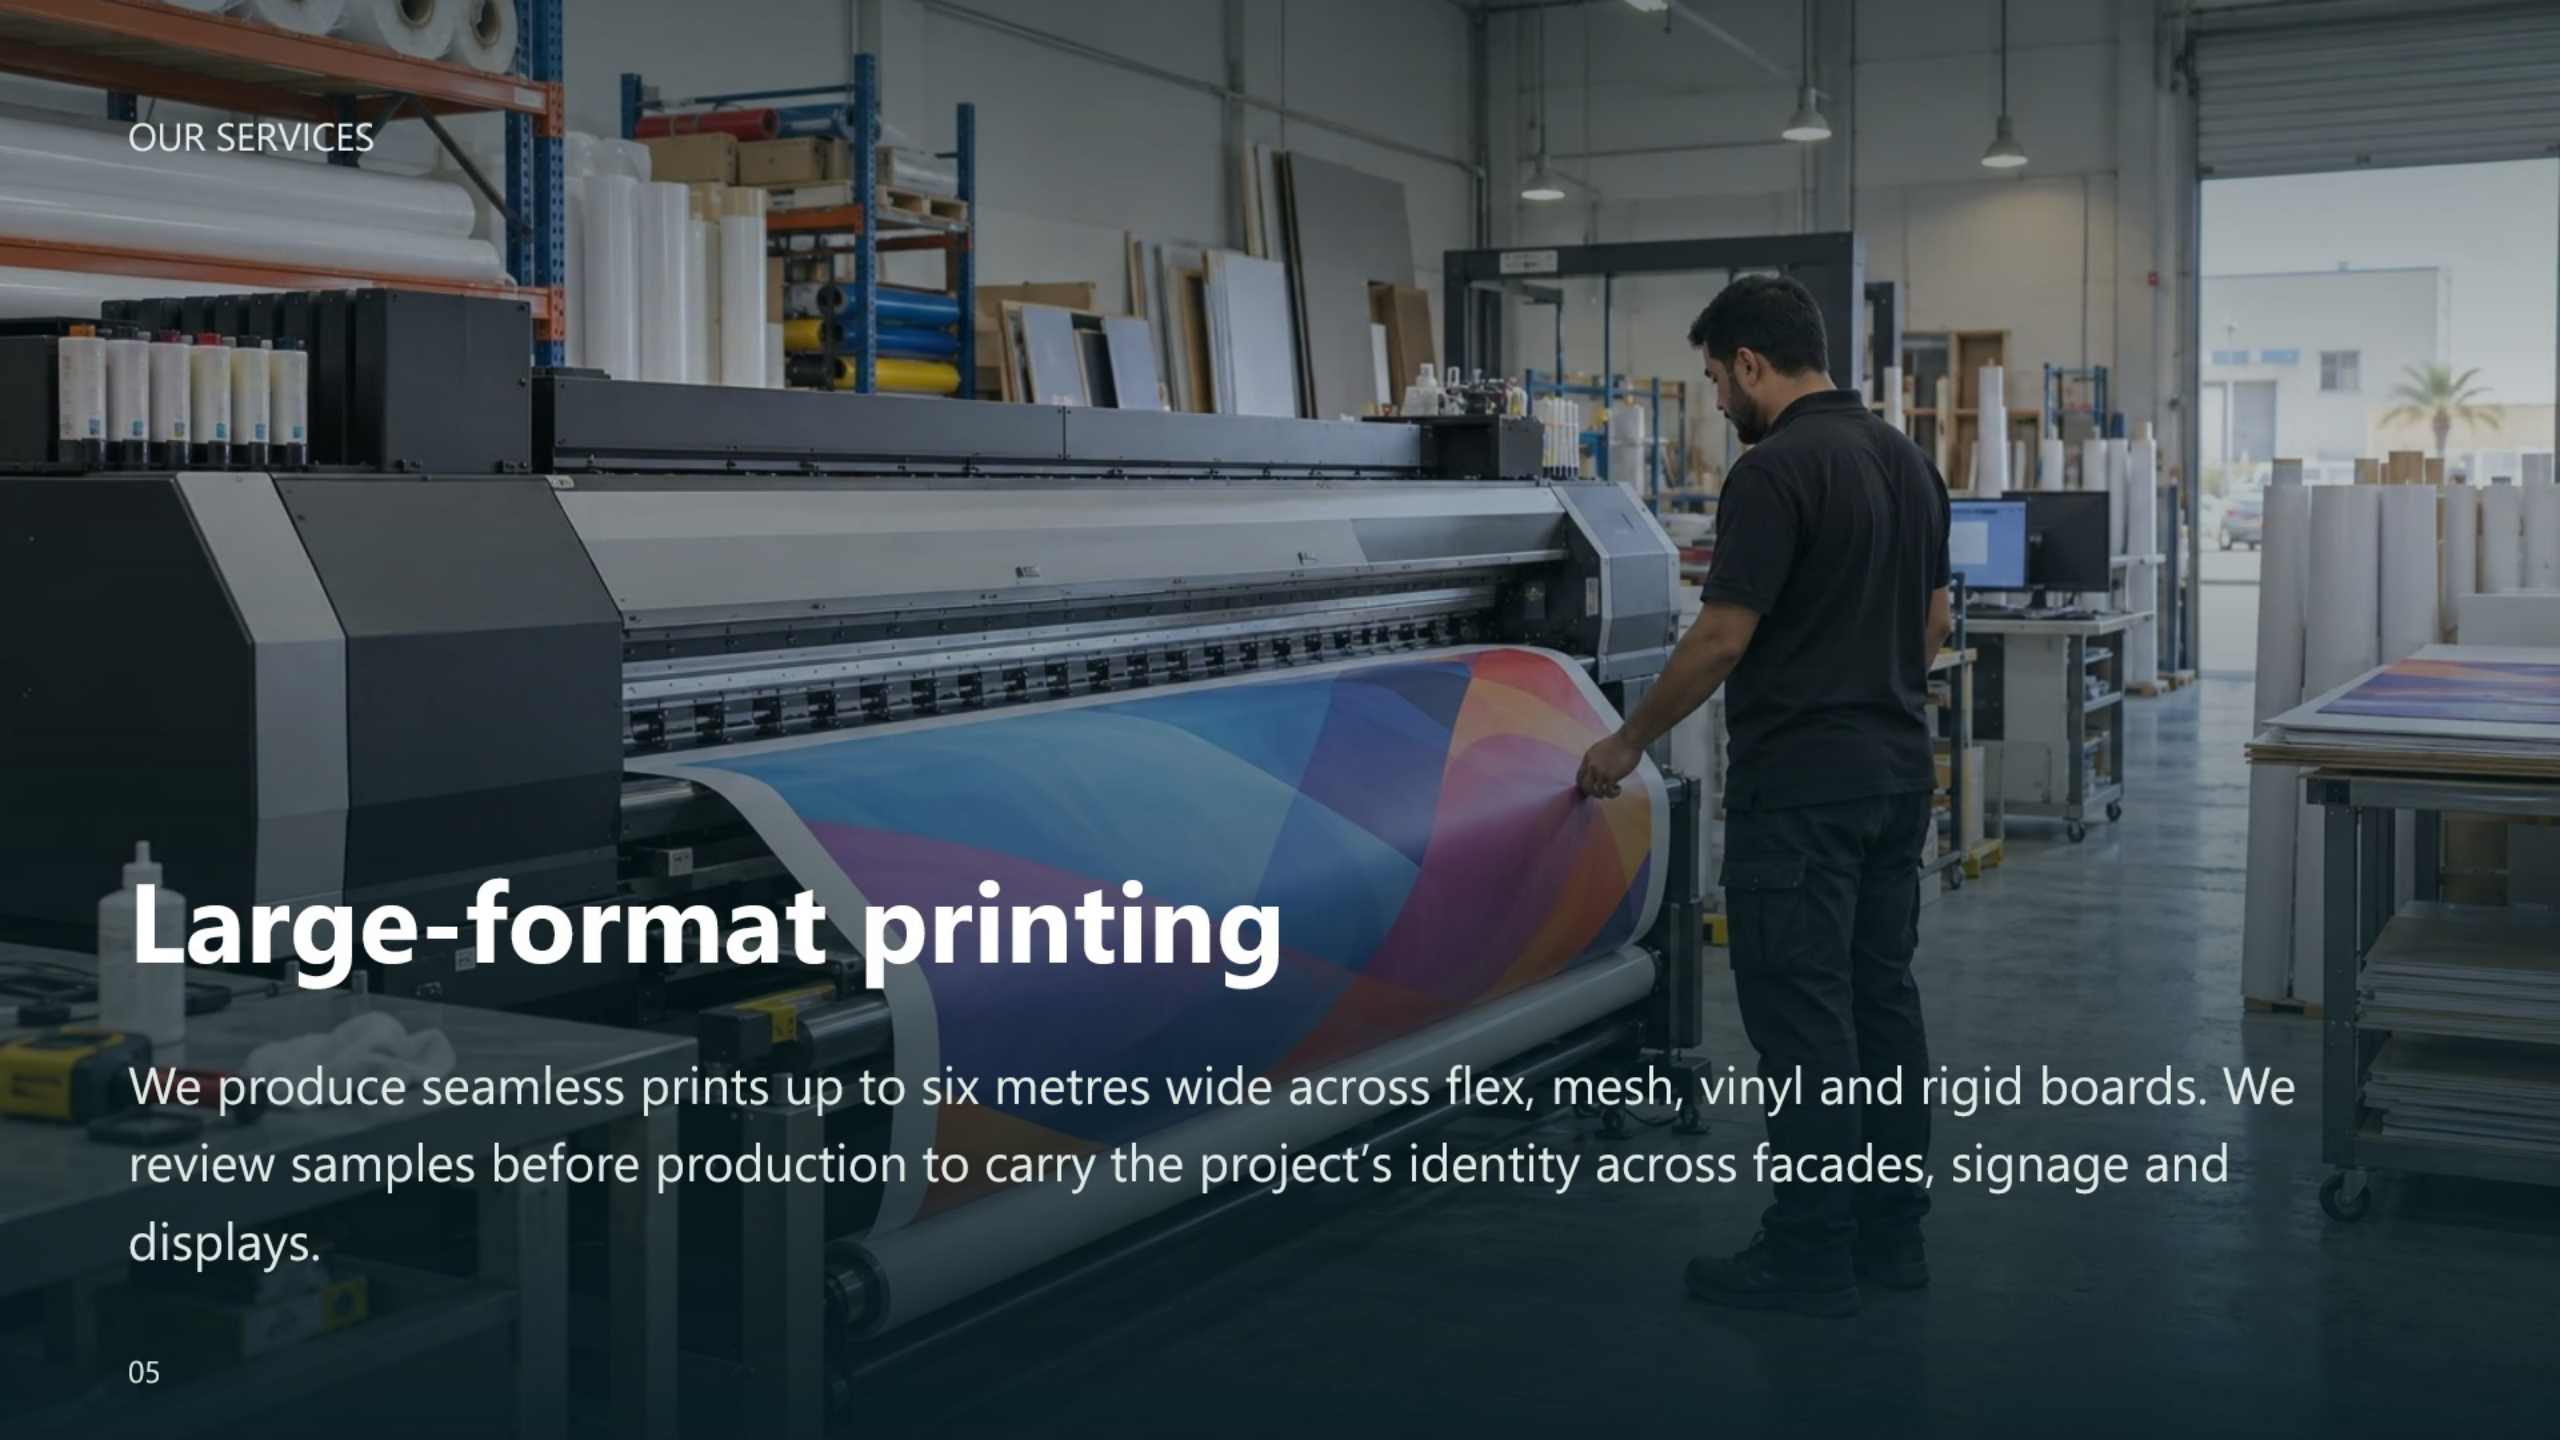

Event production

We plan and produce events, from stage, sound and lighting to welcoming guests. Our on-site teams manage live operations, audience flow and hospitality throughout the event.

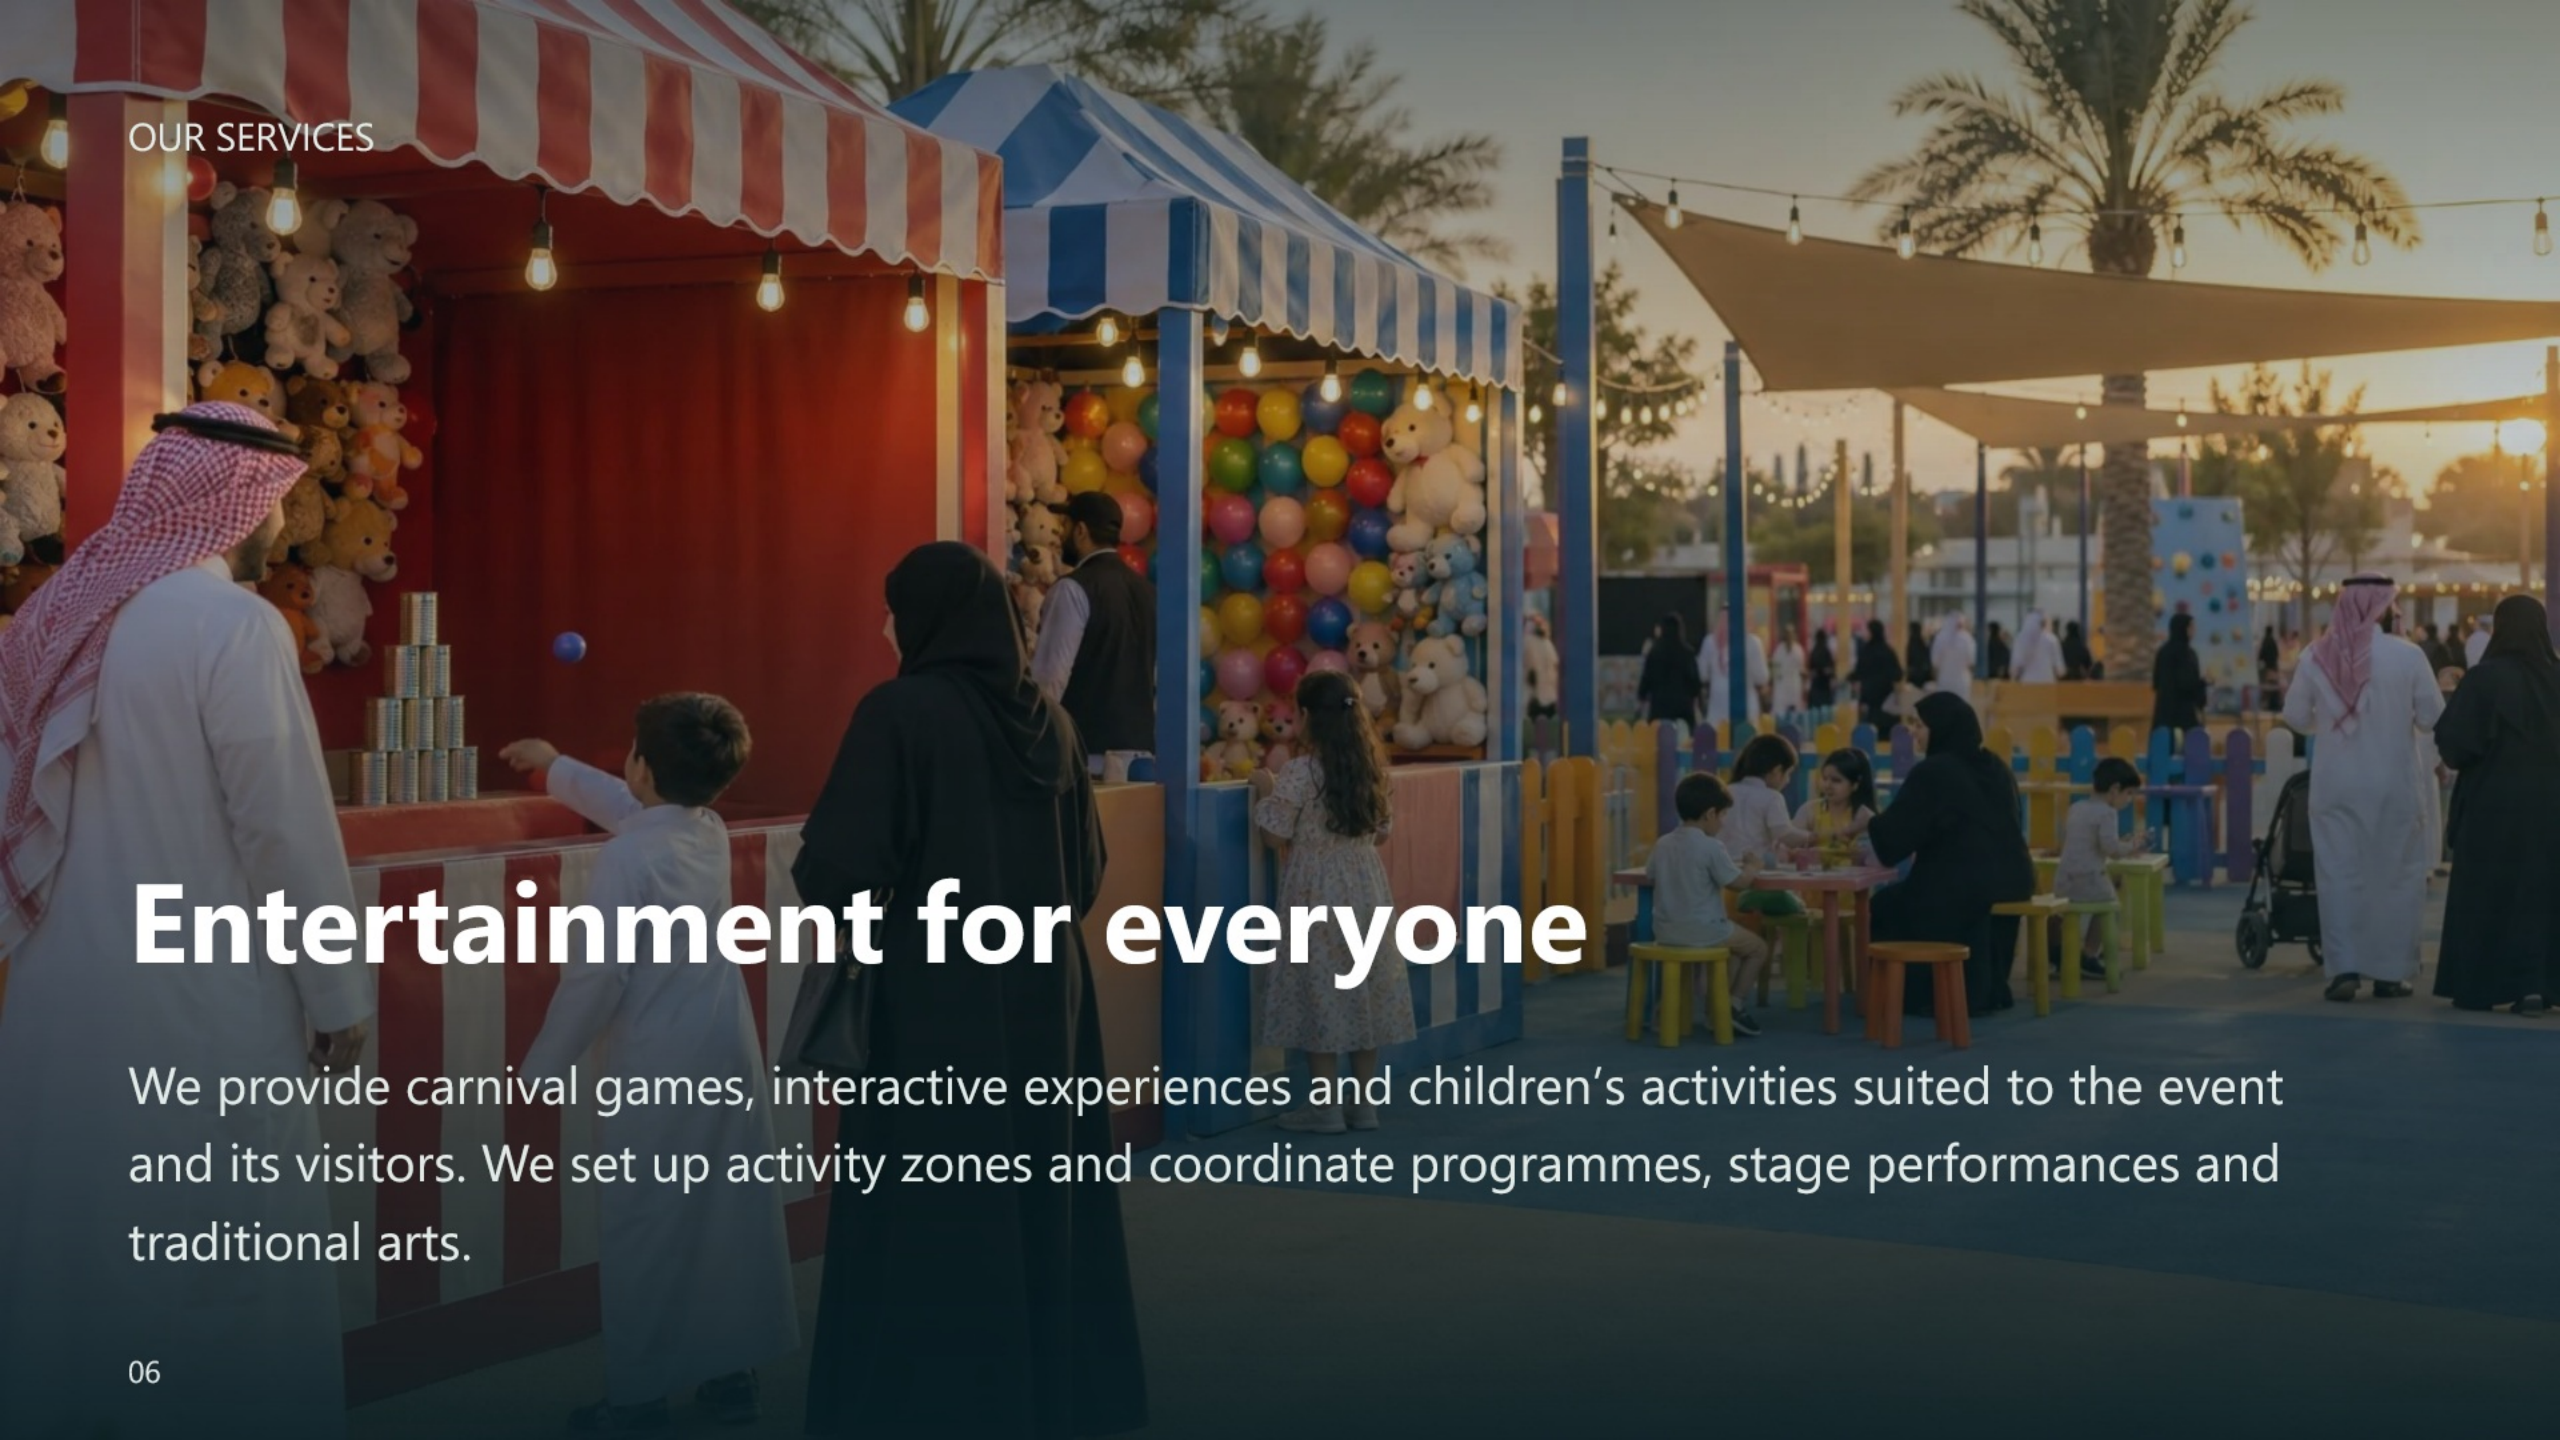

Custom fabrication

We fabricate exhibition booths, kiosks, entrances and structures to suit each project’s design. Our workshop handles production and finishing, with our crews completing installation on site.

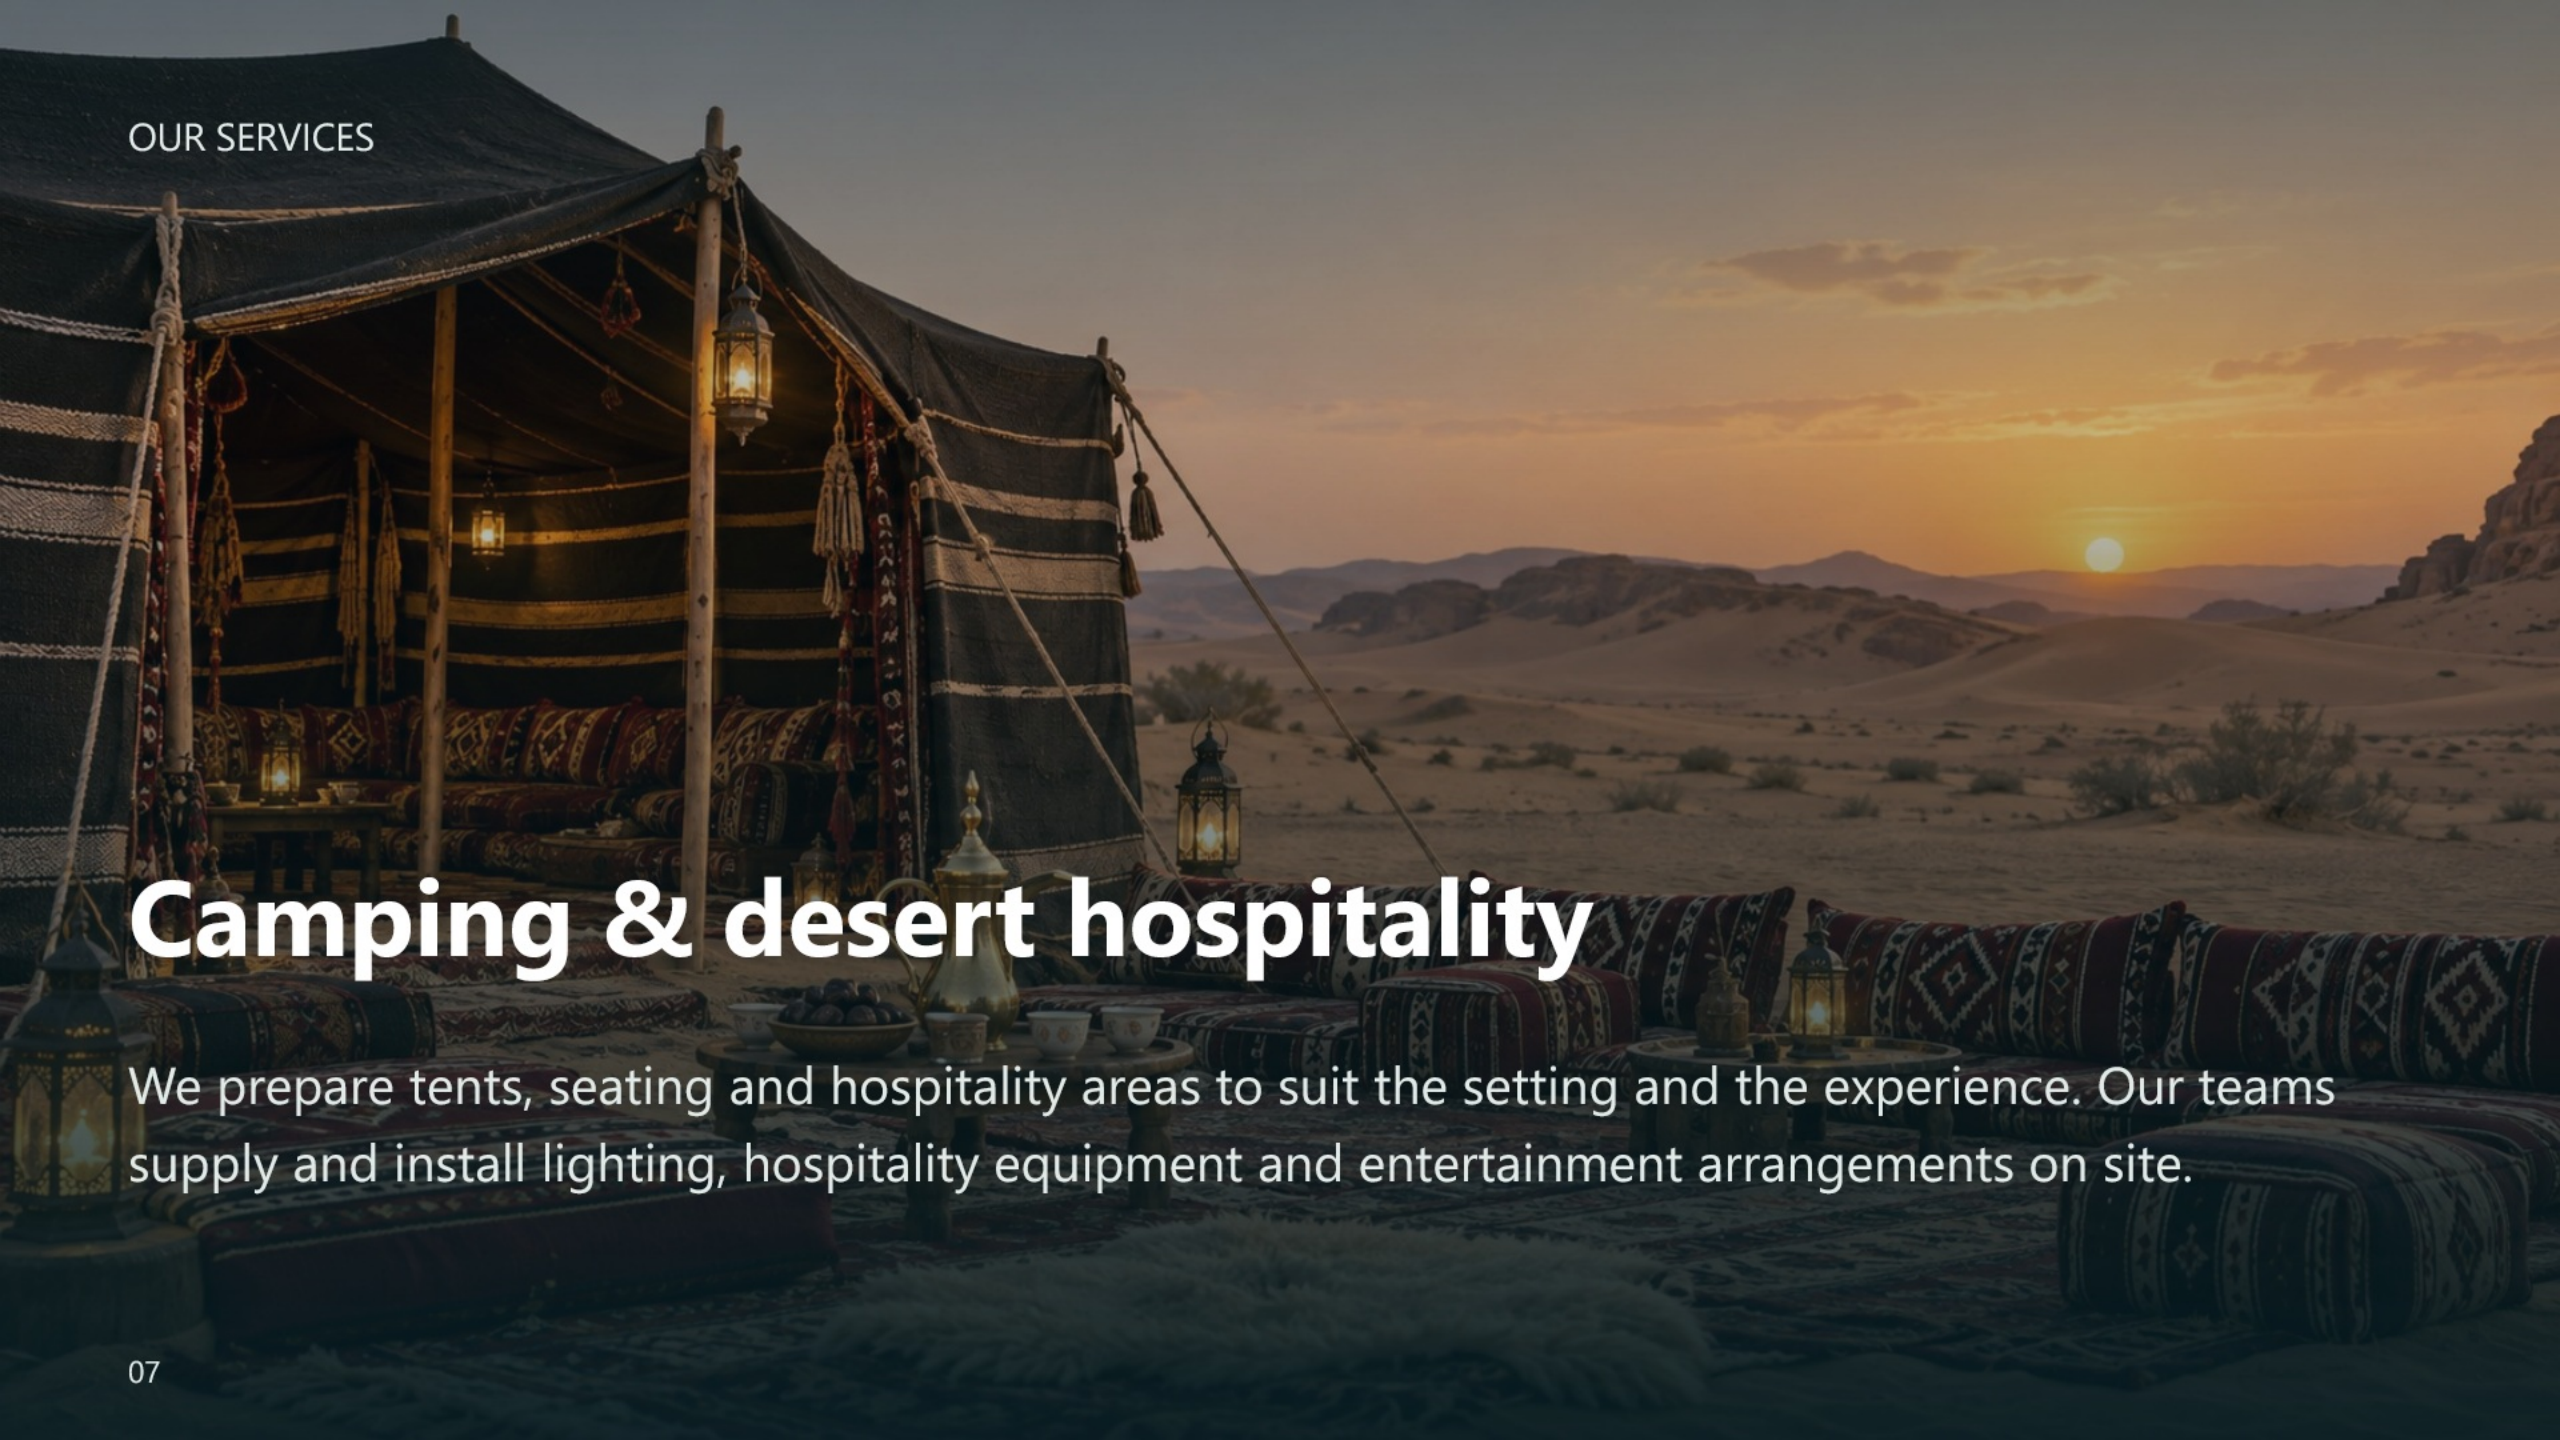

Large-format printing

We produce seamless prints up to six metres wide across flex, mesh, vinyl and rigid boards. We review samples before production to carry the project’s identity across facades, signage and displays.

Entertainment for everyone

We provide carnival games, interactive experiences and children’s activities suited to the event and its visitors. We set up activity zones and coordinate programmes, stage performances and traditional arts.

Camping & desert hospitality

We prepare tents, seating and hospitality areas to suit the setting and the experience. Our teams supply and install lighting, hospitality equipment and entertainment arrangements on site.

Capacity to deliver

76+

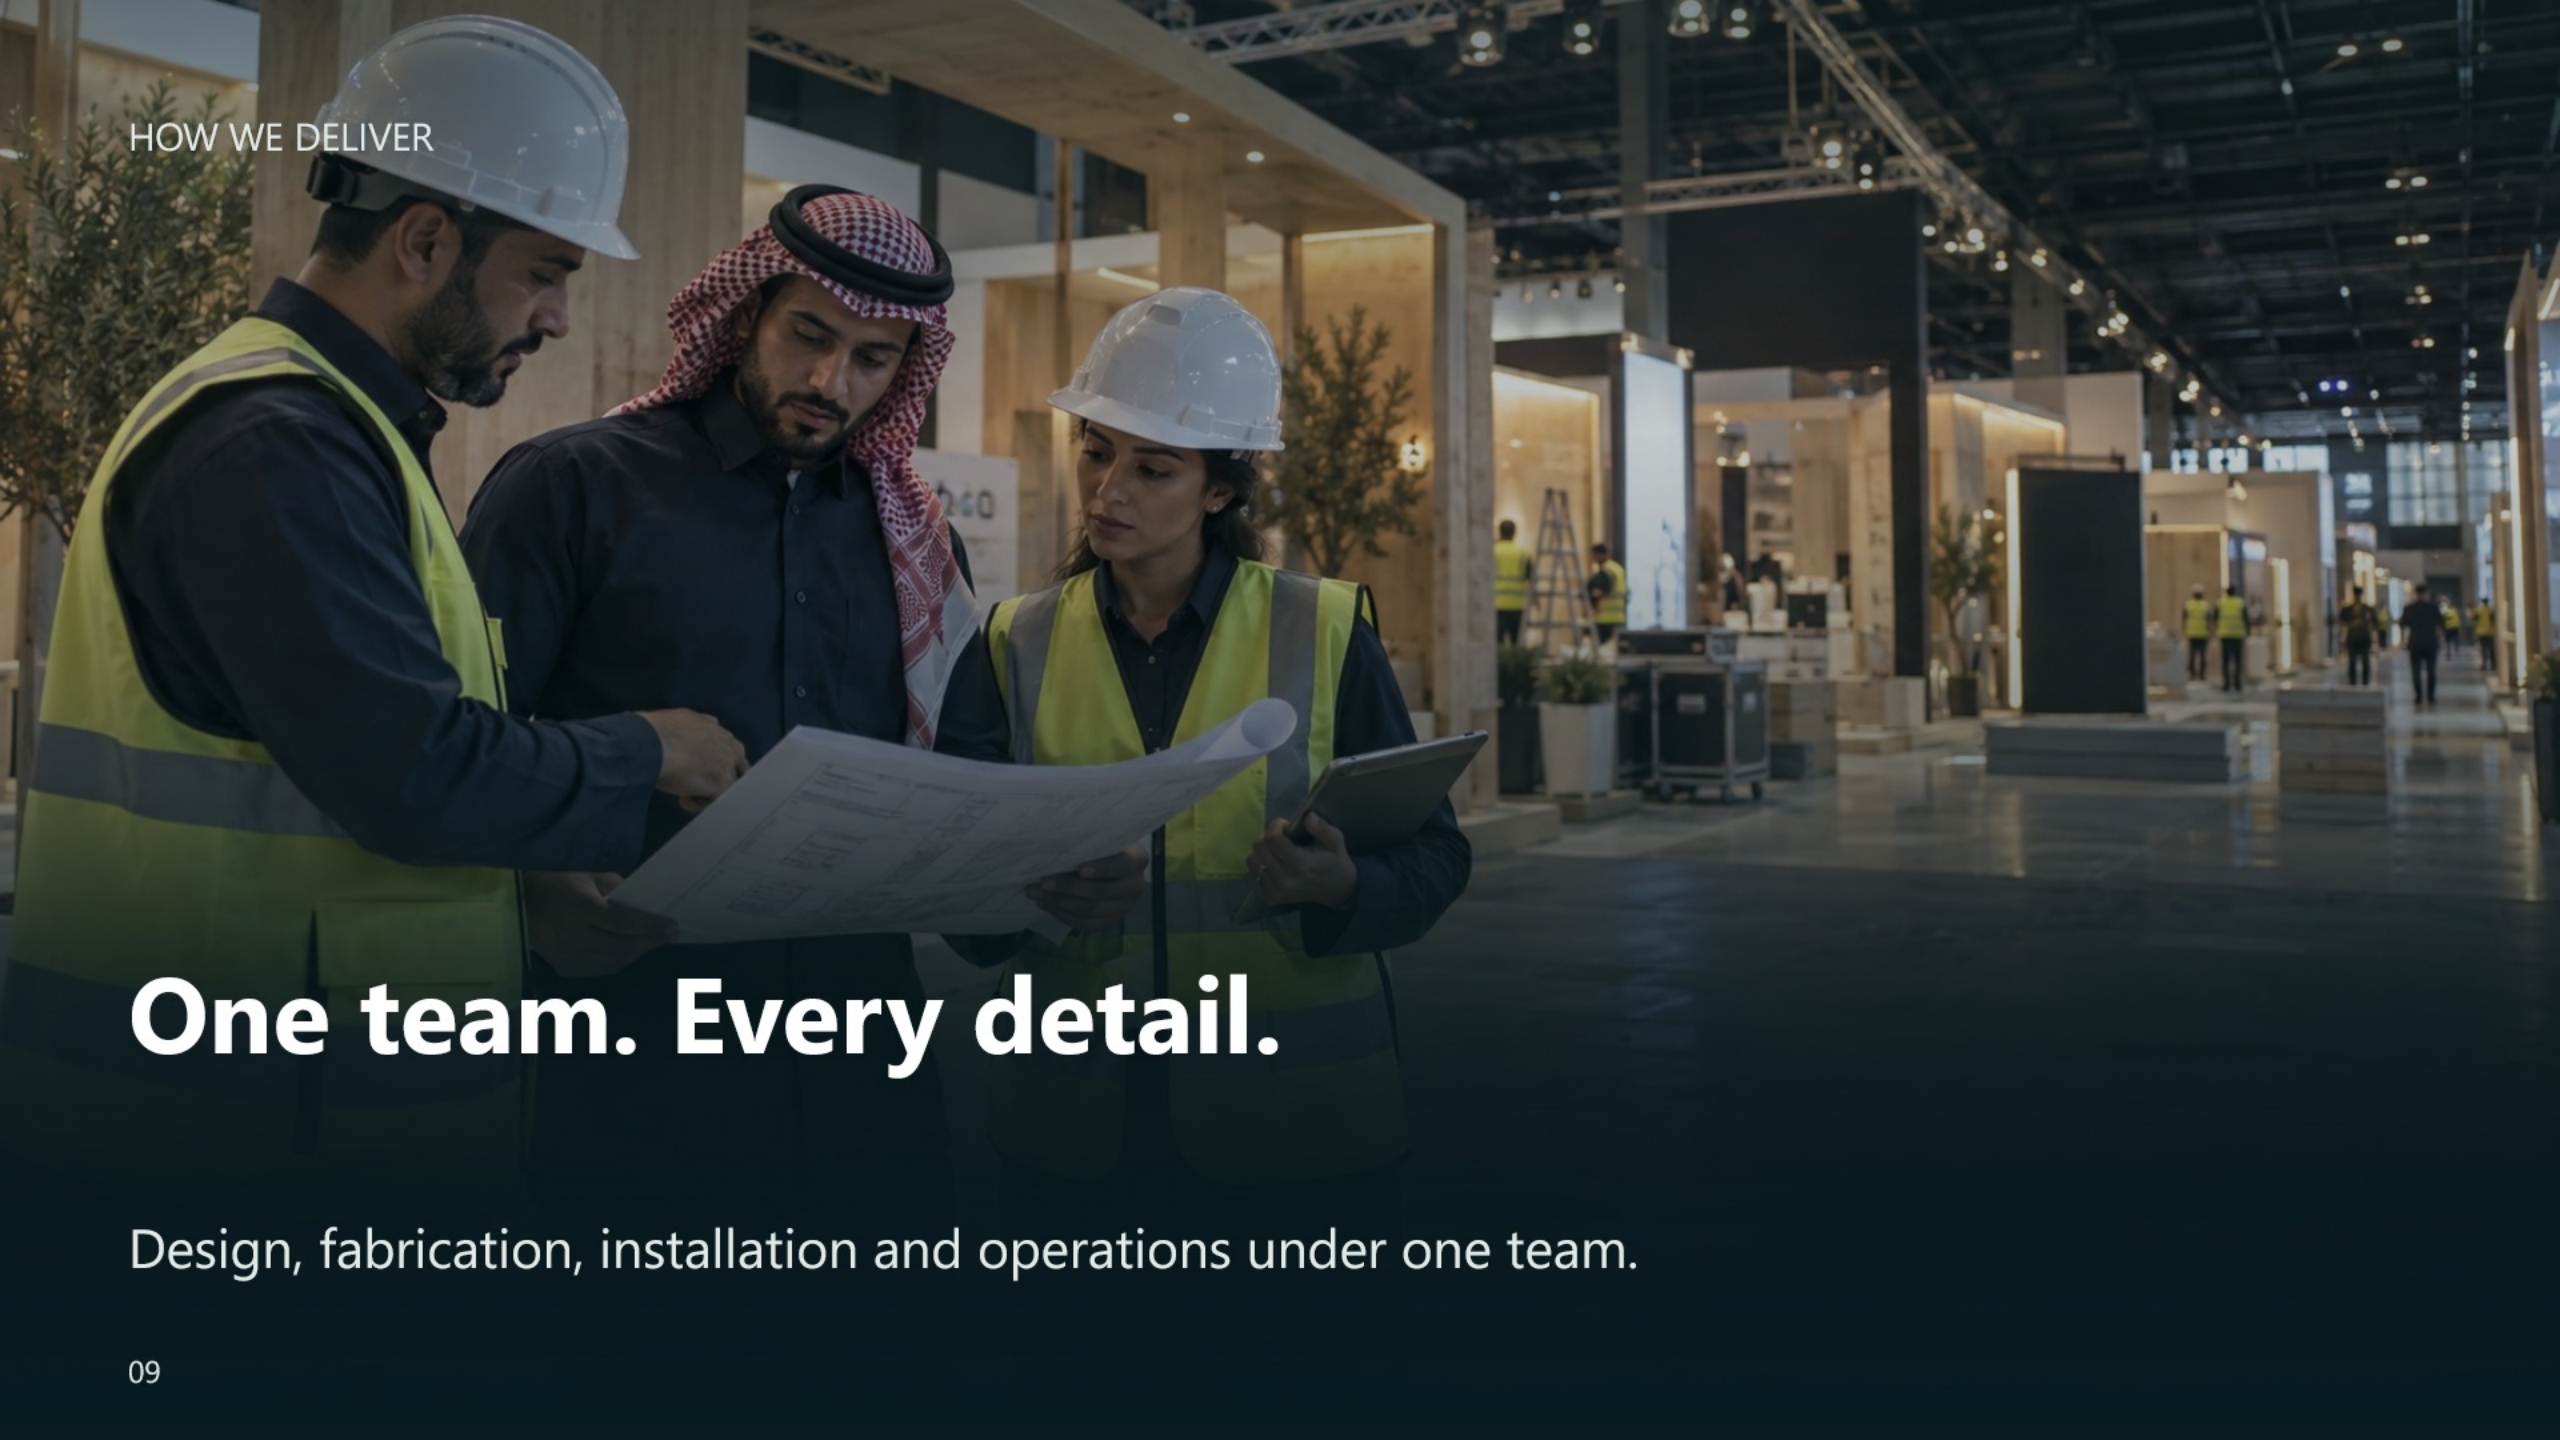

completed projects

2,000+

m^2 daily print capacity

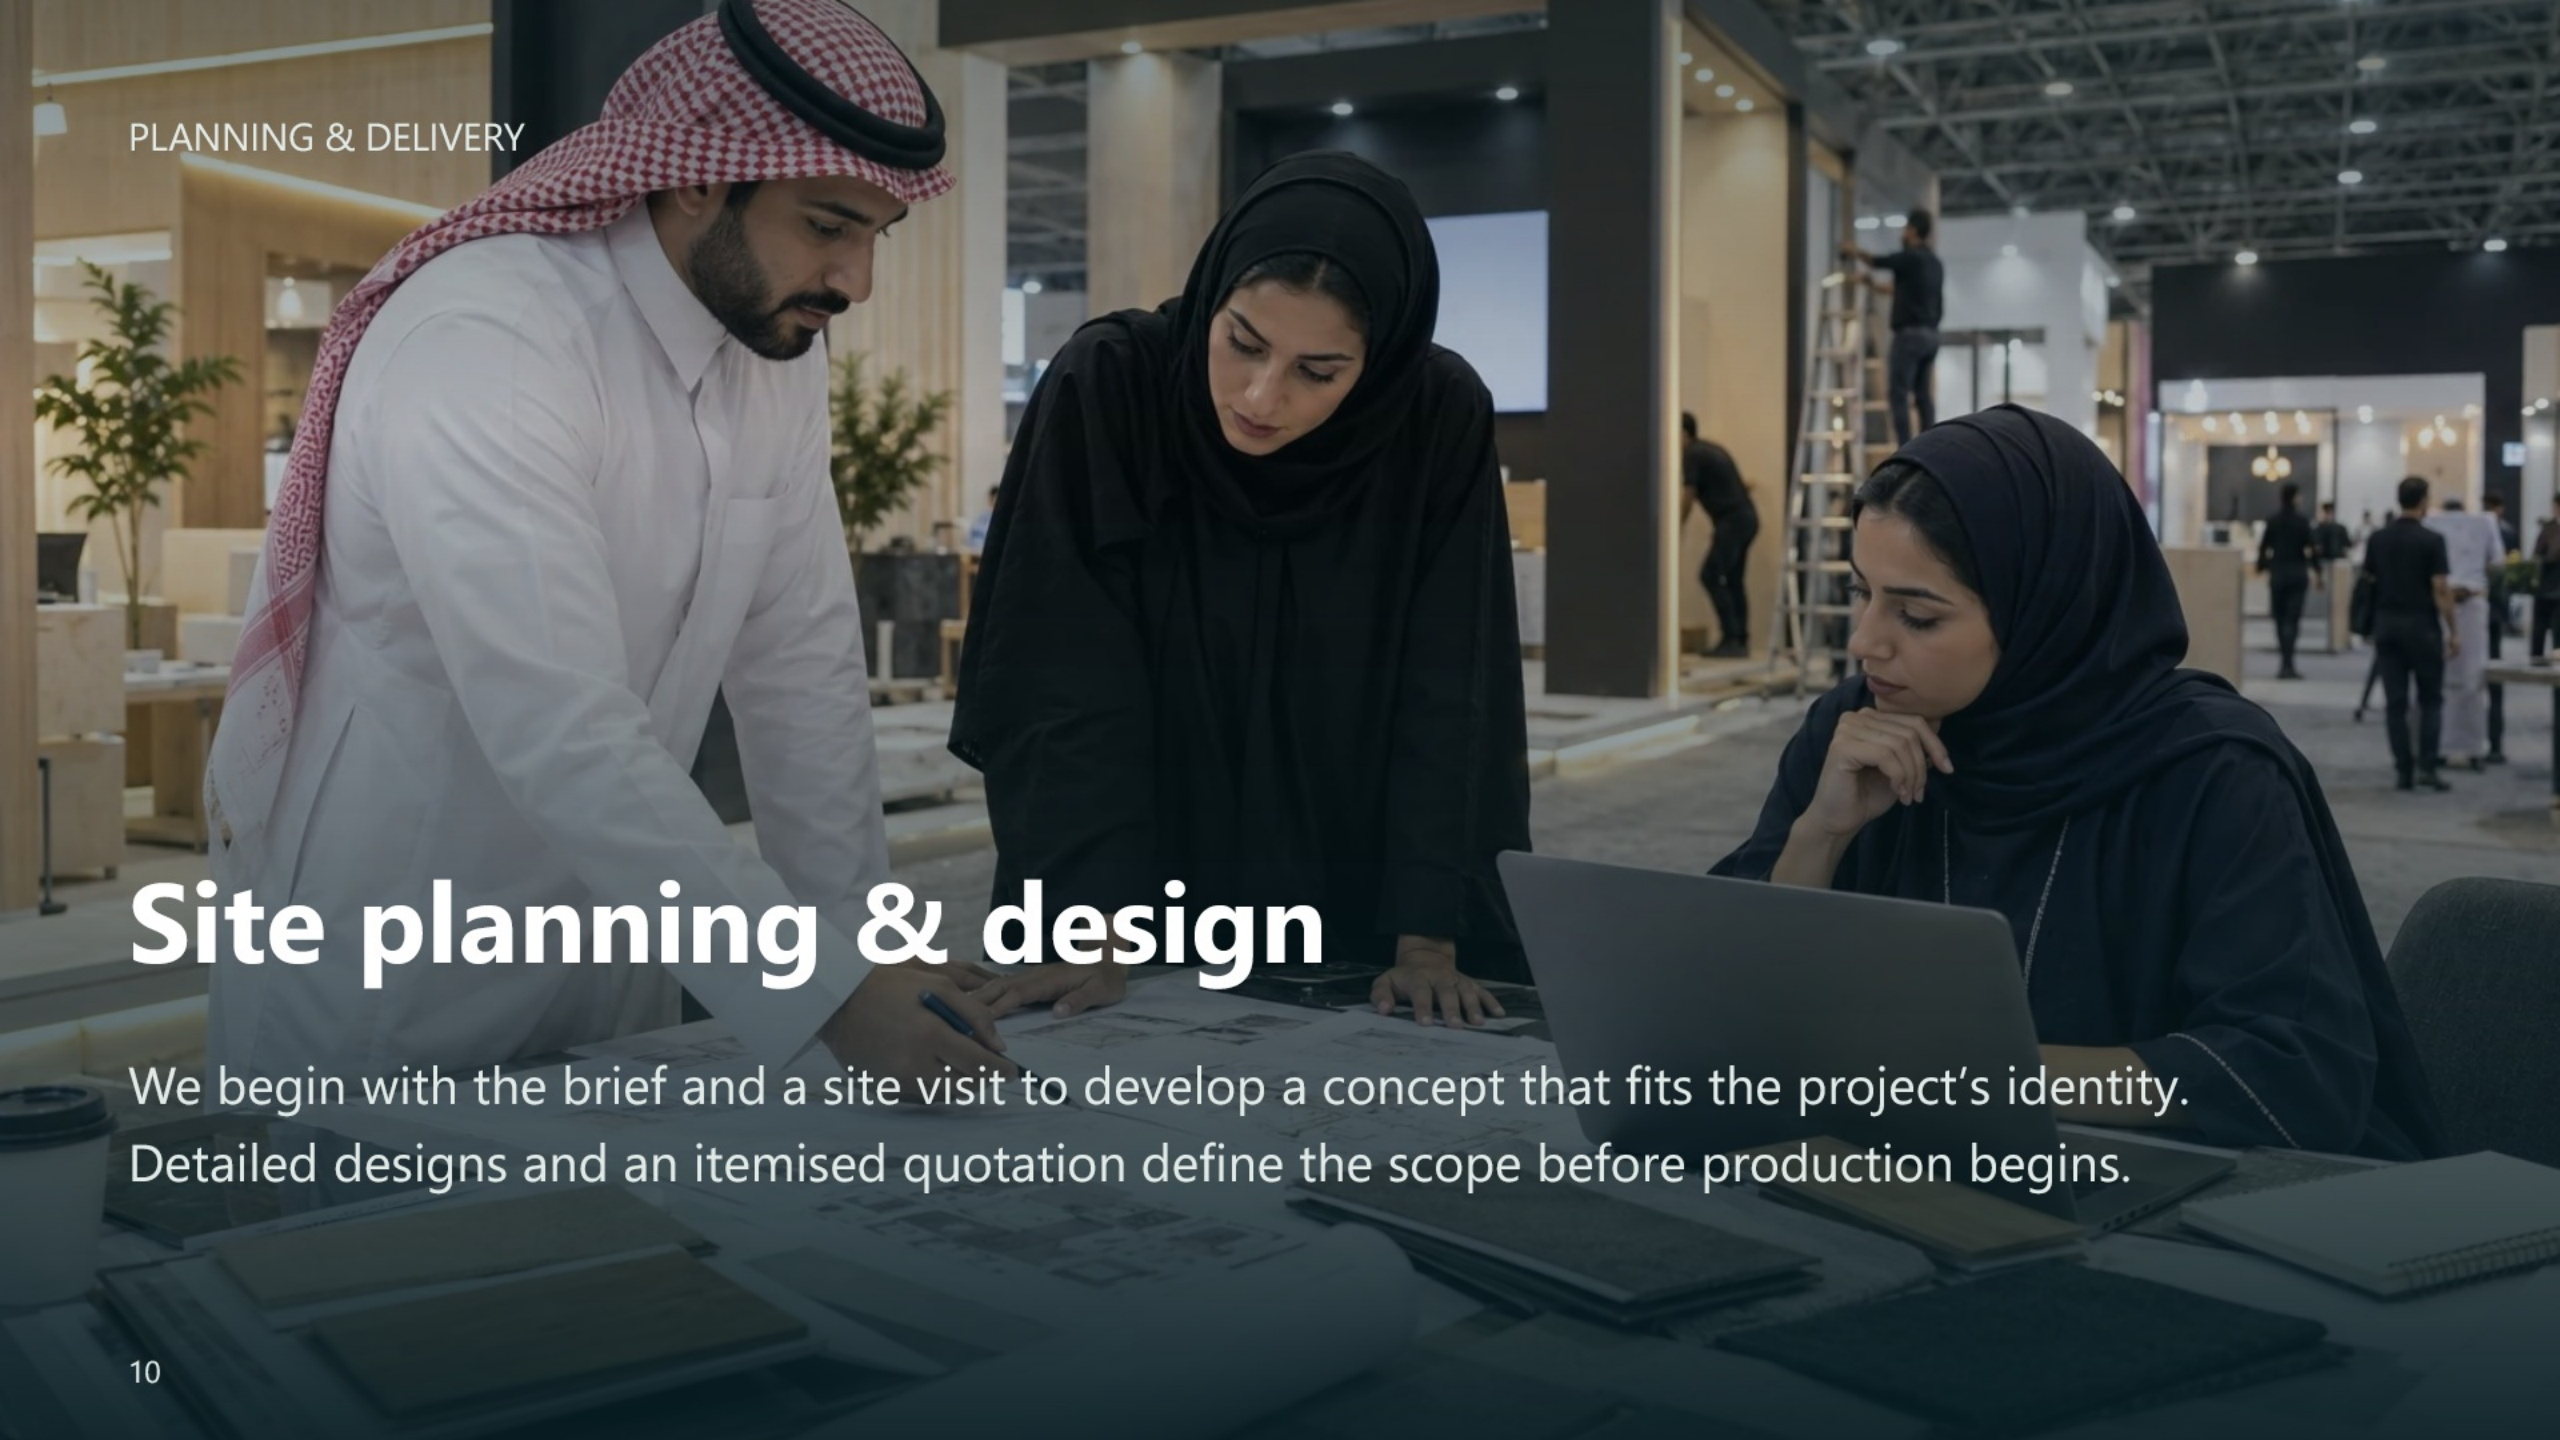

150+

delivery specialists

One team. Every detail.

Design, fabrication, installation and operations under one team.

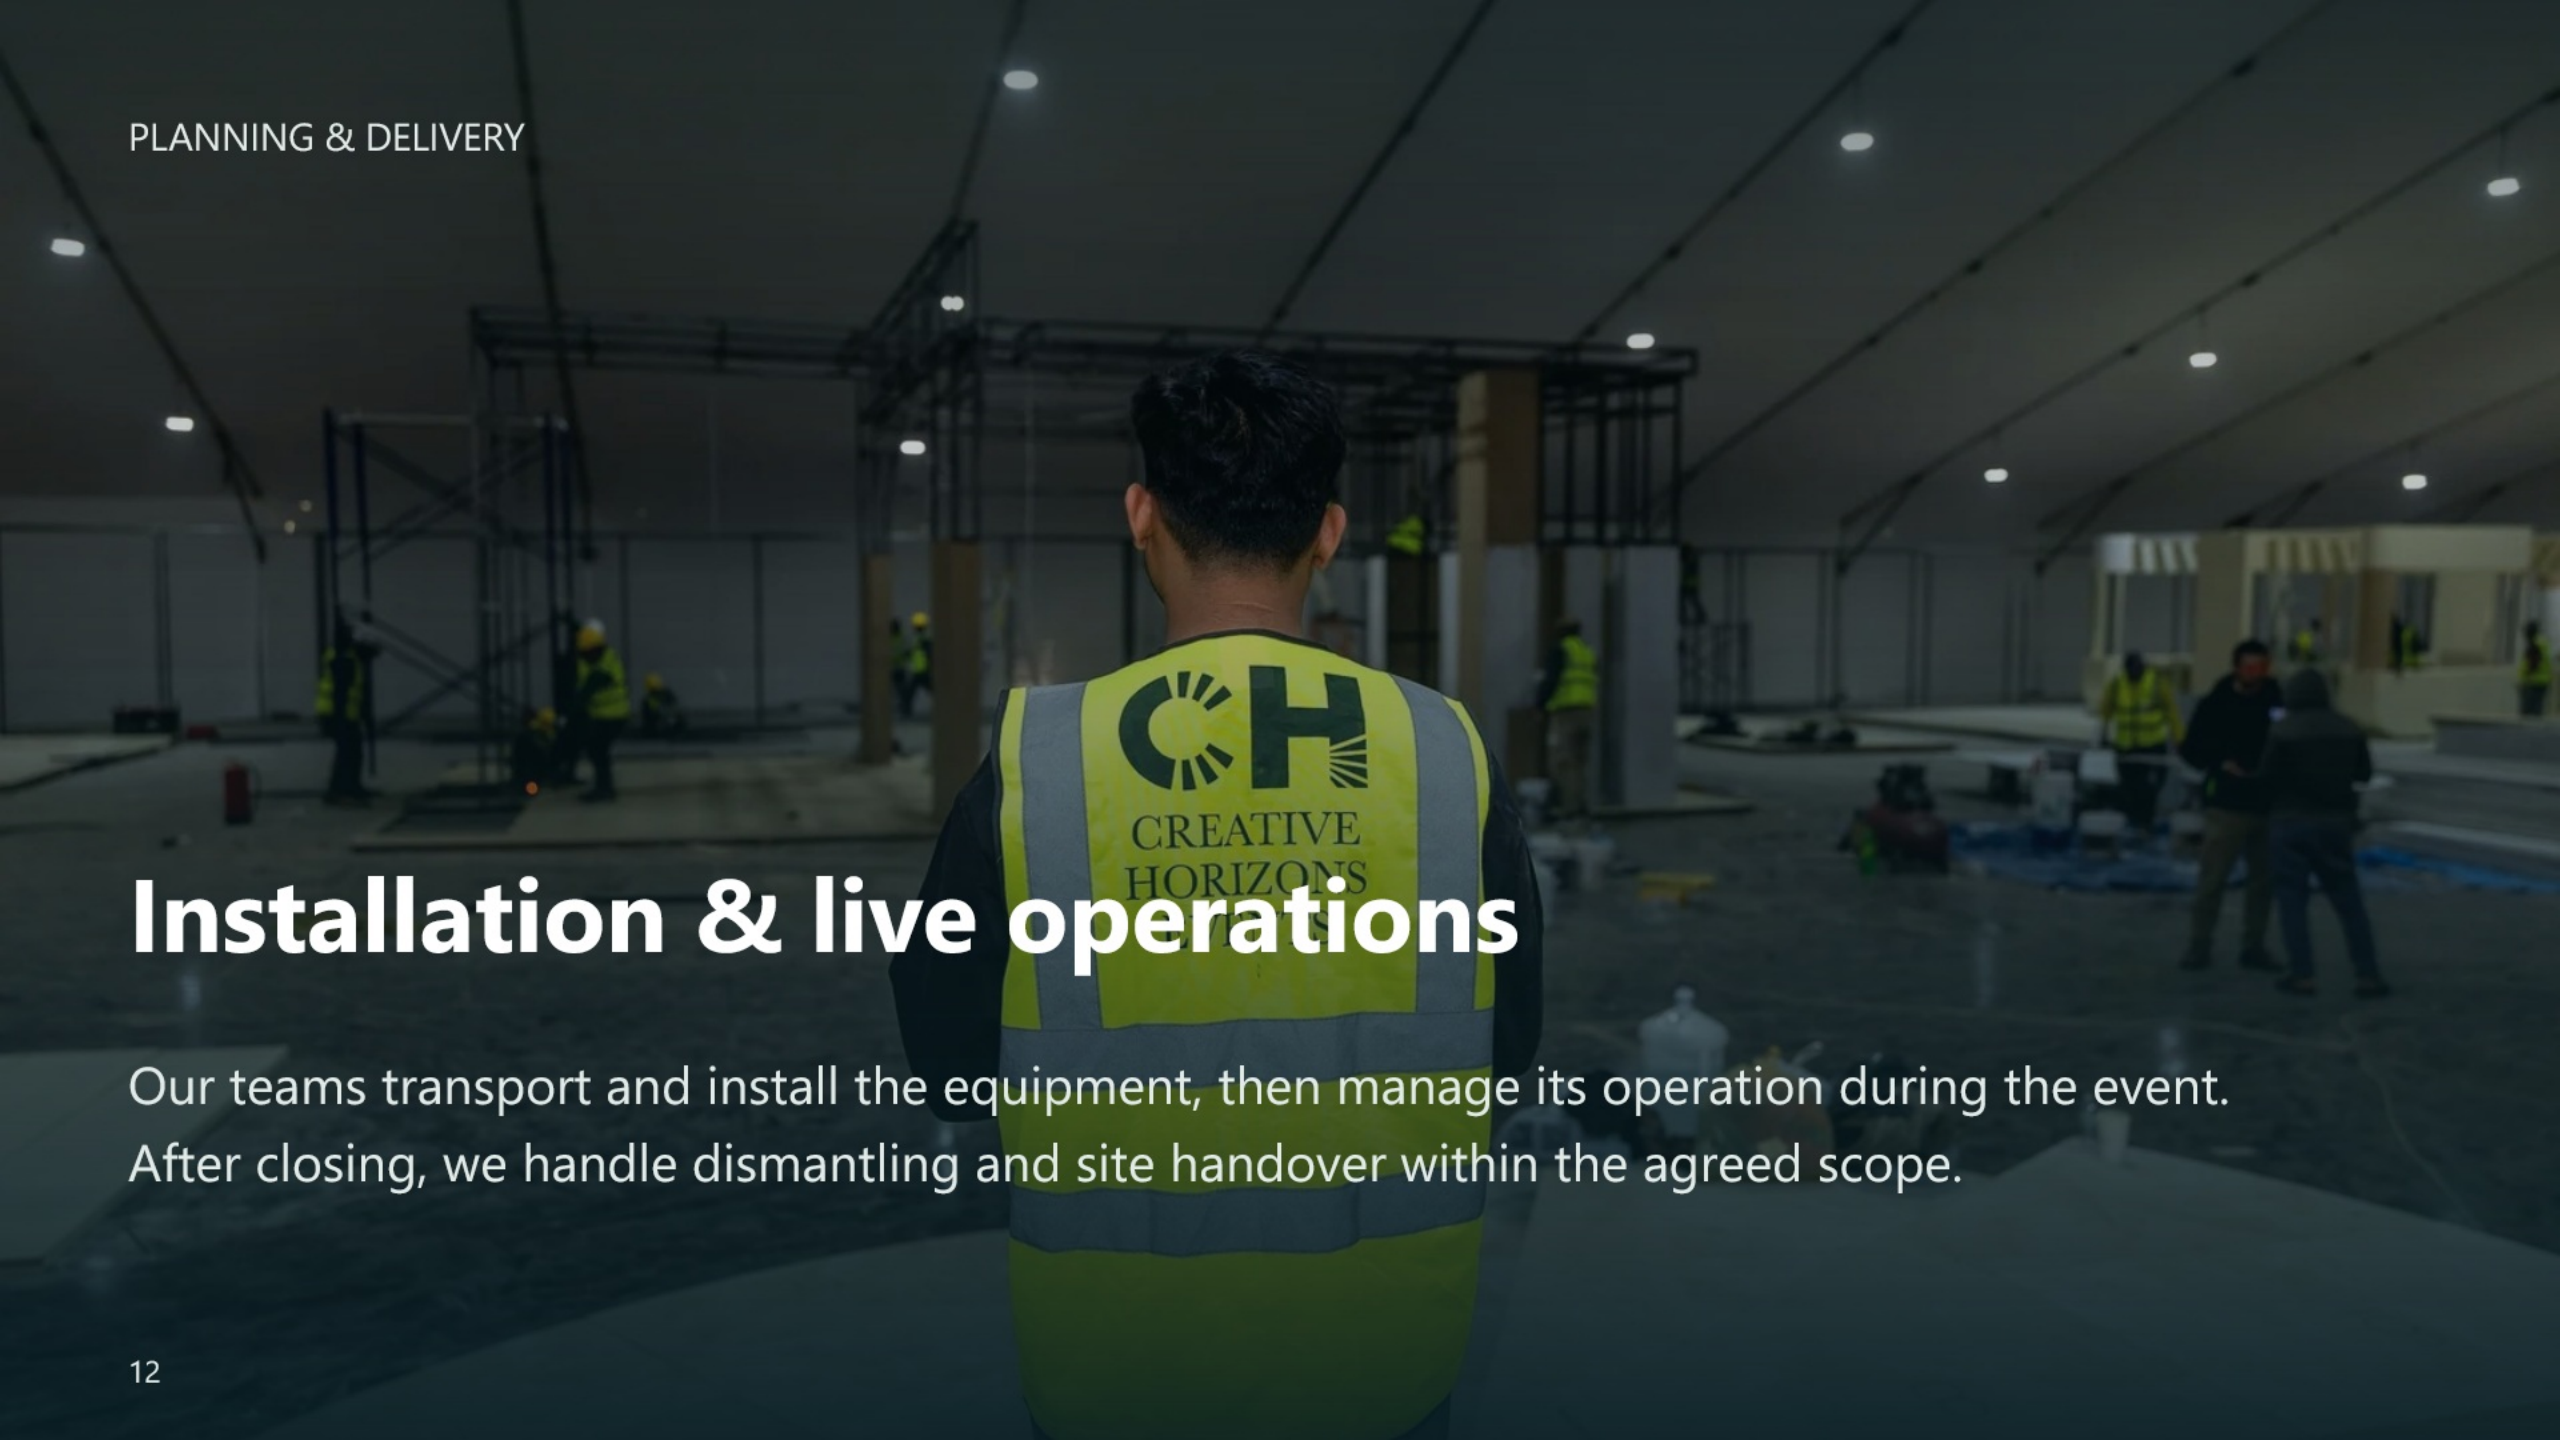

Site planning & design

We begin with the brief and a site visit to develop a concept that fits the project’s identity. Detailed designs and an itemised quotation define the scope before production begins.

In-house production

Printing and fabrication share one management team, keeping production details connected. We approve a sample before printing and coordinate components before they leave for the venue.

Installation & live operations

Our teams transport and install the equipment, then manage its operation during the event. After closing, we handle dismantling and site handover within the agreed scope.

Selected work

Founding Day

Four cities / 2026

SOLAFA Exhibition

30+ booths in four days

Saudi National Day

Seven events in one day / 2025

Founding Day in Anbuwan

Identity and heritage / 2025

Our partners in success
